

MUHAMMAD HAMDAN

Computer Science & Science Teacher | BS Artificial Intelligence Student

Karachi, Pakistan | +92 3232712410 | hamdankhan28feb@gmail.com

PROFESSIONAL SUMMARY

BS Artificial Intelligence undergraduate at FAST-NUCES Karachi with hands-on teaching experience in Computer Science, Chemistry, Mathematics, and science subjects. Experienced in teaching Sindh Board and Federal Board students (Grades 9-12) through classroom instruction and home tutoring. Strong foundation in programming, problem-solving, and AI, with practical experience developing software and AI-based projects. Focused on making technical and scientific concepts easier to understand through clear, practical, student-focused teaching.

TEACHING EXPERIENCE

Home Tutor

2023 - Present

- Teach students from Sindh Board and Federal Board, providing academic support to students in Grades 9-12.
- Teach core science and mathematics subjects, explaining difficult concepts according to individual students' learning needs.
- Provide one-to-one academic guidance, exam preparation, and problem-solving support.

EDUCATION

BS Artificial Intelligence — FAST-NUCES, Karachi

2025 - Present

FAST National University of Computer and Emerging Sciences

- Relevant coursework: Programming, Object-Oriented Programming, Data Structures, Algorithms, Artificial Intelligence, Machine Learning, Computer Science.

Intermediate (Pre-Engineering) — D.J. Sindh Government Science College, Karachi

2023 - 2025

- Marks: 883 / 1100. Strong academic background in Mathematics and Science.

Matriculation (Computer Science) — Al Jauhar Grammar School

2021 - 2023

- Group: Computer Science. Grade: A1.

TEACHING & ACADEMIC SKILLS

Concept-Based Teaching • Student Mentoring • Individualized Learning Support • Exam Preparation • Problem Solving • Computer Science Instruction • Programming Fundamentals • Mathematics • Chemistry • Science Education • Practical / Hands-on Learning • Academic Guidance • Technical Demonstration

COMPUTER SCIENCE / PROGRAMMING SKILLS

Programming: C, C++, Python, JavaScript, TypeScript

Computer Science: OOP, Data Structures, Algorithms, Programming Fundamentals, File Handling, Problem Solving

AI & Machine Learning: Machine Learning, Deep Learning, TensorFlow, MediaPipe, Computer Vision

Web Development: HTML, CSS, React, Next.js, REST APIs, FastAPI

Tools: Git, GitHub, VS Code, Microsoft Office, MySQL

CERTIFICATIONS

- Pre-Monsoon Rescue Training — Volunteer / Activity Lead
- Minds Session — Volunteer
- Coder's Cup Competition
- Gul Plaza Bazaar Volunteer — Vendor helps

ACHIEVEMENTS & ACTIVITIES

- Orange Tree Foundation (OTF) Scholar** — awarded scholarship and participated in associated academic and community activities.
- EXLR 2026** — shortlisted among the Top 30 teams with project LinkStock AI (intelligent ordering, inventory connectivity, and delivery optimization); participated in the associated bootcamp.
- Alibaba Cloud AI Hackathon Pakistan 2026** — selected for the build phase with project Aashna; received Grade 2A during hackathon evaluation.
- Problem Solving & Competitive Programming** — regular practice on LeetCode (Data Structures & Algorithms) and Codeforces (competitive programming).
- Talent Competition 2.0** — participated in a talent-based competition before college admission, demonstrating creativity, confidence, and active participation in extracurricular activities.

SELECTED PROJECTS

Aashna — AI Sign Language Recognition Platform

React, TypeScript, TensorFlow.js, MediaPipe, Firebase

- Developed an AI-powered platform for real-time American Sign Language recognition using computer vision and machine learning, built with accessibility and Deaf education in mind (Alibaba Cloud AI Hackathon Pakistan 2026).

Career Goal — Career-Focused Web Platform

Next.js, TypeScript, Tailwind CSS

- Developed a career-focused web platform with a professional and user-friendly interface.
- Implemented responsive design, clean navigation, and structured presentation of career-related content.
- Applied modern web-development practices to create an accessible and engaging user experience.
